at the International Woodworking Fair, 2014 in Atlanta Georgia.**

ATLANTA, GEORGIA - August 19, 2014 – Hickory Hardware to showcase new products and lines.

Hickory Hardware is showcasing new products and new lines at the IWF show in Atlanta Georgia. As a leader in the cabinet hardware market, Hickory Hardware is once again demonstrating its influence by introducing several new knobs and pulls styles, a line of soft-close hinges and the “Kids Corner”, a line of child friendly cabinet hardware.

“Our goal has always been to be innovators and to lead the market.”. says Kevin Dewald, Director of Marketing and Product Management.

Some of the new collections being shown are, Sydney, Somerset, Crystal Palace and Wisteria. All are distinctive in their design and available in multiple finishes.

The new soft-close hinge line offers a wide variety of soft-close hinges by Salice.

The “Kids Corner” line features whimsical characters such as frogs, penguins, fish, pandas and other fun items. All done in kid safe acrylic.
